EDUCATION

National Institute of Technology, Agartala   **2021 − 2025**
Bachelor of Technology in Computer Science and Engineering   *CGPA: 6.58*

L.S. College,Muzaffarpur   **2018 − 2020**
Senior Secondary (XII)   *71.60%*

Utkramit M S Sirsiya Bazar,Sirsiya,Parihar, Sitamarhi   **2016 − 2018**
Secondary (X)   *67.60%*

WORK EXPERIENCE

Web Development / Certificate
Exposys Data Labs   **Nov 2024 - Dec 2024**

- Built and launched a responsive web application using the **MERN** stack to track and manage user activity.
- Integrated secure user login and registration using **JWT** authentication, ensuring data privacy and role-based access control.
- Created and optimized **RESTful APIs** to manage user profiles, process data, and enable seamless **front** and **backend** communication.
- I designed a user-friendly interface using **React.js** that works smoothly on all devices, ensuring a great experience for users.
- Used **Tailwind CSS** to style the user interface, ensuring a **clean, modern**, and **responsive** design with efficient customization and a fast development process.

PROJECTS

Chat-App / *Tailwind CSS, ReactJS, Node.JS, Express, MongoDB*/ Link
- Introducing the **Real-Time** Chat Application: a full-stack project that enables seamless and dynamic user communication through instant messaging, responsive design, and robust functionality.
- User Authentication Security: Implement secure login and registration using **JWT** for token-based authentication, along with **bcrypt.js** for encrypting passwords to protect user data effectively.
- Elevate your communication with real-time messaging! Harness the power of **Socket.IO** to enable instant chats with live updates, ensuring a seamless and engaging interaction experience for all users.
- Users can easily update their profiles and upload profile pictures, which are securely stored using **Cloudinary**.

TECHNICAL AND CREATIVE SKILLS

Languages: C, C++, Python, SQL, JavaScript
Technology and Frameworks: HTML, CSS, Tailwind CSS, React.js, Node.js, Express.js, RESTful API, Mongoose
Computer Fundamentals: Data Structure and Algorithm, Object Oriented Programming, Database Management Systems
Databases: MySQL, MongoDB
Developer Tools: Git/GitHub, VS Code, Postman, Hoppscotch, Jupyter Notebook
Soft Skills: Communication skill, Teamwork, Leadership Quality, Decision Making, Problem Solving, Integrity

ACHIEVEMENTS

- Solved **200+** questions on LeetCode   Profile: **Link**
- I have to solve **Top 50** Problem in Leetcode   / **Link**
- **Web Development** by **Careerninja, LearnTube** / Link

POSITIONS OF RESPONSIBILITY

- **MERN Stack Study Jams Facilitator**: Mentored and Trained 100+ students to kick-start their MERN Stack Development journey by providing resources and teaching.

EXTRA-CURRICULAR ACTIVITIES

- Strategized and executed 2 major events, including Farewell and Tech Fest, attracting over 500 participants and enhancing the fest's visibility.
